

Fanboy

For Aidan

Over the years, we've bonded well
watching Helluva Boss and Hazbin Hotel.
Oh, how we love Vivzie's version of Hell.

I love seeing your passionate heart
so full of joy when you share fanart
and characters and stories you impart.

You truly are a kind, honest friend
always offering your ear to lend
when I can't collect my thoughts to send.

We share our deepest secrets late at night
when the world's asleep and there's no light
except for our phone screens shining bright.

I've always enjoyed seeing you smile and laugh
even though I have no such photograph
like that in my pictures taken on your behalf.

You become quite sad when no one's around
and your silly smile fades into a frown
when your sorrows in alcohol you drown.

I wish I knew what more I could do
to ease your mind when you're feeling so blue.
No matter what, I'll always care for you.

I'll try to bring joy to all of your days,
and inspire the light to return to your gaze
for you, my friend, never cease to amaze.

Keep sharing your excitement over all the small things
and have hope in whatever tomorrow may bring
for you can do anything and everything.

And above all, thank you for opening your heart to me.
I trust you with mine, and I hope you'll still be
my dear friend even after college you leave.
