

My Sister, My Captain, My Queen

*For Brianna*

We met in college in the Summer of 2019  
and I remember your eyes, bluish-green,  
how they lit up like your computer screen.

Our freshman orientation was a bunch of fun:  
games, food, and social events for everyone.  
We'd spend our days enjoying the sun.

After becoming roommates our freshman year,  
you introduced me to your friend group dear.  
All their love for you and I was clear.

Our shared love of roleplay created a story  
that would soon turn into a legend of glory.  
Saphoax's end was a moment celebratory.

Of course, our adventures wouldn't end there.  
We'd yet again see our beloved Ava and Solitaire  
in new stories as the famous dynamic pair.

You: Ava, Sarah, and Grace—Captains of Valor.  
Me: Adrienne, Rhia, and Juno—Mages Pure.  
Together, the evil of the world we'll cure.

We'd spend late nights sharing our dreams  
and laughing together at roleplay memes.  
I've always loved your devious little schemes.

Beyond our stories, you've been there for me  
when I was haunted by demons I could not see.  
I'd do the same for you and give you peace.

I miss our escapades and campus quests.  
With your friendship, I am truly blessed.  
Love from you and our friends is the best.

My dear, beloved friend, how I miss you so.  
When we're together, you make my heart glow.  
All of my words, I hope you'll forever know.
